Hey Ron,

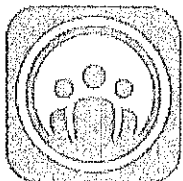

Just wanted to touch base before we head into the weekend. What does your chain of command think about the webinar re-training with the department?

Talk to you soon.

Subject: Ring Follow Up

Hi Ron,

Thanks again for reaching out yesterday. To bring this up to your chain of command there is a lot of information on this platform and the only way I truly believe this will be a successful platform for the department to use is if a good majority of officers receives the full in-depth training from myself.

This platform is very hands-on and needs to have a proactive approach to it to see good results. That being said, in the meeting, I will bring up the suggestion about designating people in the department being Commenters and Posters. The more your community sees your involvement, the more effective Portal features become when interacting with them. That means more neighbors voluntarily sharing videos/tips and opting to share videos when they receive a Video Request email.

I would not be doing the department any justice if only yourself received the training and no one else. This will obviously take the workload off your plate and allow you not to get bombarded with questions on how to use the Portal.

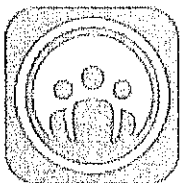

Thanks and I look forward to hearing back from you on this.

Subject: RING Discount Code

To all:

I have received a few people asking about the RING discount code, below is the discount code for the Ring website (only works on website). This is the response that I received to the request for the code.

"The department promo code is NBHAVERHILL, in order for it to work you will need to enter in your department email address to be synced up.

Since our website now is already at your discounted rate the promo code will not be effective at this time."

Subject: Ring Follow Up and Next Steps

Ron,

Thanks so much for your time today and for getting the command staff together for the presentation. A copy of the MOU is attached. Please have the chief review and let me know next steps (does it require council/commission vote?)

To recap (some talking points):

The Neighbors by Ring app, is a free smartphone app that allows neighbors to participate in a digital neighborhood watch:

- upload crime and safety related videos from any platform (does not have to be Ring video)
- comment on posts from Neighbors app users
- does not require any purchase - does not require that the citizen own a Ring device

The Ring Law Enforcement Portal, is a free service for law enforcement that provides:

- access to the videos and crime/safety related posts on the Neighbors app
- ability to post geographically specific, hyper-local alerts to Ring owners and users of the app
- a map of Ring devices in your community (exact locations obscured for privacy)
- ability to request videos directly from Ring users.
- management of videos shared by users.

Ring will donate devices to the department and provide ongoing support through donation, device subsidies and community engagement.^[1]

Bradley

Just want to check Chief is good with doorbell so that I can let him know.

Thanks
Ron T.

Pardon any grammar or misspellings using voice to text.

Could we do the morning of the 5th (next Wednesday?).

On Mon, Nov 26, 2018 at 8:10 AM Ron Tuell <rtuell@haverhillpolice.com> wrote:

Brad,

Sorry saw the message and totally slipped my mind. What does your December look like? Also I have a question for you at the IACP the Deputy and the Chief signed up to go to the party with Shaq. But I guess the lines were really

long and so the Deputy got an email for a free Ring Doorbell, only the Chief did not get his, was wondering if you knew of why only one did and not the other?

Thank in advance and look forward to speaking with you,

Ron T.

Hello Ron,

I was speaking with Morgan our Pr director and she had mentioned that she is in the process of finalizing the drafts for the press release. She mentioned they should be able to have everything finalized for an announcement next week. I will keep you posted.

Thank you for reaching out.

Hello Everyone,

I just wanted to circle back prior to next week just a few last things for onboarding. I will be sending out a link later that will have the invitation for the remote onboarding. It will be in webinar format and will be very interactive so feel free to ask any questions that pop up.

I also wanted to make sure that the announcement of the partnership was going on with Morgan our pr specialist. I have ccd her on the email.

Last but not least I still need a list of the portal users that you would like to have access to the account prior to the portal going live next week. The email above should have necessary attachment with the excel sheet with requested information.

Please let me know if you have any questions

Dylan

| Hello Everyone,

Thanks for hopping on with us earlier!

After going through my schedule I have concluded that a remote on boarding would be the best and quickest option for you. We are going to setup a webinar training and it will be interactive so any questions during the process we can make sure to answer.

Recap below as promised:

1. Onboarding

a) Potential Remote On boarding Date: Wednesday 16th*

Recommended schedule below:

Session 1 @ 02:00pm - Command Staff, PIO, Existing social media users, community outreach team etc. (90 minutes)

(Potential Session 2) @ 4:30pm - Attendees: RTCC, CID, analysts, general, etc. (90 minutes)

b) Scheduling - Once confirmed, please send out a calendar invite to the team and copy myself + Morgan. Below is some messaging for sending out calendar invites--feel free to adapt as you see fit:

"Team,

We will be partnering with home-security company Ring.com, to utilize a platform they've created specifically for law enforcement called the "Neighbors Portal". [Here's a quick video](#) explaining how it works.

The Neighbors Portal will allow us to post and comment directly to the Neighbors App, send out real-time crime and safety alerts, and request footage from Ring users for investigative purposes.

*Ring will be joining us on [Date] to train our department on the tool so please keep an eye out for a calendar invite. If you're able to make it, **please accept the invite** so we can get an accurate headcount for training materials."*

2. Portal Requirements

a) Beats map - Please send us a map of your different beats/patrol areas so I can create alert zones for your users. This can be in any format, including PDF, as long as each beat/zone is clearly labeled.

b) Account Provisioning - Attached is an Excel doc outlining the data points needed to provision users. Please add everyone you sent an invite to (that would potentially need an account) and send it back our way before the scheduled onboarding. Accounts will not be provisioned until after the onboarding. Please let us know if you have any questions on this.

c) **Browser Access Testing** - Once portal has been created, we will send you an invite to test your access on Google Chrome, Firefox or Edge.

3. Miscellaneous

a) **Seed Units** - We'll send 10 cameras to your attention and follow up with a shipping confirmation when I have it.

Let me know if I forgot anything!

Things we need to think about.

From: Bradley Wentlandt <bradley.wentlandt@ring.com>
Sent: Thursday, December 6, 2018 16:52
To: rtuell@haverhillpolice.com
Subject: Re: Ring Follow Up and Next Steps

Couple things to think about over the next few days. We need to identify who is going to handle the various aspects of the portal roll out.

1. Partnership POC - main point of contact(s) for the Ring partnership YOU?
2. Press/Media Coordinator - typically the PIO who would work with Morgan from our team to coordinate the initial partnership announcement and ongoing PR moving forward. STEVE?
3. Social Media Coordinator - person(s) in the department who manages comments on Facebook, Twitter, NextDoor, etc (if different from #2) ???
4. Investigative Coordinator - your resident expert when the department wants to send a video request. This person will be trained on best practices for ensuring the maximum participation and sharing of video. RON?
5. Community Relations Coordinator - person who oversees the team that interfaces with the community at events, HOA meetings, Neighborhood Watch meetings, etc. ???

Let me know your thoughts.

Subject: Ring Follow Up and Next Steps

Ron,

Thanks so much for your time today and for getting the command staff together for the presentation. A copy of the MOU is attached. Please have the chief review and let me know next steps (does it require council/commission vote?)

To recap (some talking points):

The Neighbors by Ring app, is a free smartphone app that allows neighbors to participate in a digital neighborhood watch:

- upload crime and safety related videos from any platform (does not have to be Ring video)
- comment on posts from Neighbors app users
- does not require any purchase - does not require that the citizen own a Ring device

The Ring Law Enforcement Portal, is a free service for law enforcement that provides:

- access to the videos and crime/safety related posts on the Neighbors app
- ability to post geographically specific, hyper-local alerts to Ring owners and users of the app
- a map of Ring devices in your community (exact locations obscured for privacy)
- ability to request videos directly from Ring users.
- management of videos shared by users.

Ring will donate devices to the department and provide ongoing support through donation, device subsidies and community engagement. [11] [SEP]

Session 1 @ 02:00pm - Command Staff, PIO, Existing social media users, community outreach team etc. (90 minutes)

(Potential Session 2) @ 4:30pm - Attendees: RTCC, CID, analysts, general, etc. (90 minutes)

b) Scheduling - Once confirmed, please send out a calendar invite to the team and copy myself + Morgan. Below is some messaging for sending out calendar invites—feel free to adapt as you see fit:

"Team,

We will be partnering with home-security company Ring.com, to utilize a platform they've created specifically for law enforcement called the "Neighbors Portal". [Here's a quick video](#) explaining how it works.

The Neighbors Portal will allow us to post and comment directly to the Neighbors App, send out real-time crime and safety alerts, and request footage from Ring users for investigative purposes.

*Ring will be joining us on [Date] to train our department on the tool so please keep an eye out for a calendar invite. If you're able to make it, **please accept the invite** so we can get an accurate headcount for training materials."*

2. Portal Requirements

a) Beats map - Please send us a map of your different beats/patrol areas so I can create alert zones for your users. This can be in any format, including PDF, as long as each beat/zone is clearly labeled.

b) Account Provisioning - Attached is an Excel doc outlining the data points needed to provision users. Please add everyone you sent an invite to (that would potentially need an account) and send it back our way before the scheduled onboarding. Accounts will not be provisioned until after the onboarding. Please let us know if you have any questions on this.

c) Browser Access Testing - Once portal has been created, we will send you an invite to test your access on Google Chrome, Firefox or Edge.

3. Miscellaneous

a) Seed Units - We'll send 10 cameras to your attention and follow up with a shipping confirmation when I have it.

Let me know if I forgot anything!

Hey Ron,

Directly from our team we need the actual shapefiles instead of just the pictures. Usually this comes in a zipped folder with all the shapefile components in it.

Thank you,

Dylan

Hello Everyone,

Thanks for hopping on with us earlier!

After going through my schedule I have concluded that a remote on boarding would be the best and quickest option for you. We are going to setup a webinar training and it will be interactive so any questions during the process we can make sure to answer.

Recap below as promised:

1. Onboarding

a) Potential Remote On boarding Date: Wednesday 16th*

Recommended schedule below:

Session 1 @ 02:00pm - Command Staff, PIO, Existing social media users, community outreach team etc. (90 minutes)

(Potential Session 2) @ 4:30pm - Attendees: RTCC, CID, analysts, general, etc.

(90 minutes)

b) Scheduling - Once confirmed, please send out a calendar invite to the team and copy myself + Morgan. Below is some messaging for sending out calendar invites--feel free to adapt as you see fit:

"Team,

We will be partnering with home-security company Ring.com, to utilize a platform they've created specifically for law enforcement called the "Neighbors Portal". [Here's a quick video explaining how it works.](#)

The Neighbors Portal will allow us to post and comment directly to the Neighbors App, send out real-time crime and safety alerts, and request footage from Ring users for investigative purposes.

*Ring will be joining us on [Date] to train our department on the tool so please keep an eye out for a calendar invite. If you're able to make it, **please accept the invite** so we can get an accurate headcount for training materials."*

2. Portal Requirements

Steve,

At the Smile conference in Florida you had mentioned there was a code for Law Enforcement agency wide discount on Ring products. Also we were interested in the Neighborhood login information. I had given you my card after you had finished your presentation, as I am sure a hundred other people did as well. Would like to know if we could get the information as my Chief and other members of my department are interested in your solutions. Also the Chief mentioned the Neighborhood solution to our investigations division. So as you can imagine the Captain is very interested in this solution.

If you could reach out to me so that I can make my Chief happy that would be great, my contact information is listed below.

Sincerely,
Ron T.

Subject: Portal Check-In

Hi Ron,

I wanted to touch base with you again and see if we can spark some interest in doing a Portal training refresher for the department or at least some of the detectives.

I work with a wide variety of departments that have been seeing great results by using some of the best practice tips I provided them. I would love the same outcome for the HPD as I've noticed some of the detectives have been using the Video Request function. They would definitely benefit from sitting in on this training to understand how this feature really works.

Thanks and look forward to hearing from you.

Cage thief (do you know this person?)

April 17, 2019

So today at around 11:30am someone decided that it was ok to walk up to my in-laws front yard and walk off with a cage that does not belong to them. A little info real quick. They are having a squirrel issue and are trapping and relocating them. But back to the issue. This guy seen in the video decided he now owns the squirrel and the cage now. They would be happy if he returned the cage, and they said he could keep the squirrel lol. Do you know this person?

Subject: Video Requesting Tip (Does)
Attachments: Screen Shot 2019-07-25 at 10.38.03 AM.png

Hi Detective Portnoy,

I am glad to see you using the Video Request for your ongoing investigations. I just want to provide you a helpful tip that Ring will be emailing these Ring users on your behalf to help with your ongoing investigation. This email will be extremely confusing the first couple times these neighbors receive it.

Why you ask?: This email is asking Ring users to share their own personal videos with the PD which will be a very head-scratching moment for them. This is a completely different way than knocking on their door and being face to face asking for footage/information.

We need to put some context behind this Video Request email so the residents can understand that this is a new way to help your PD with your ongoing investigation. You can add context by sending out a Law Enforcement Post in the Neighbors Feed section of the Portal "Create New Alert"

The LE Post will do two things:

1) This post will reach the Ring users you are requesting video from via VR Email. Now with the Email itself, External Message and this LE Post this email is starting to look legitimate.

2) This post will also reach out to the Neighbor by Ring users (NBR). NBR users most likely are using third-party (CCTV, ADT, Etc) cameras that could have captured video pertaining to this incident so you are grabbing their attention on this and asking to share their video with you directly via email.

Fill out the template and post it today and try sending this out right every time you send a Video Request out!

Please reach out if you have any questions on sending this out, I would be more than happy to assist you with this process!

TITLE: INCIDENT TYPE ON STREET NAME

ADDRESS: EXACT ADDRESS WHERE INCIDENT TOOK PLACE (EXACT ADDRESS IS NEVER SHOWN TO PUBLIC)

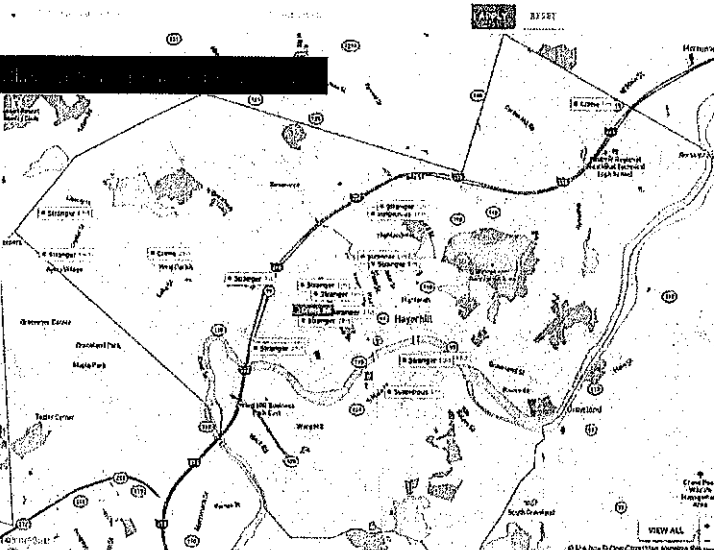

Hi Community Name Neighbors, This is OFFICER NAME with the PD. We are currently investigating a INCIDENT TYPE in which Ring is emailing Ring users on the PDs behalf to gather any videos that can help with our investigation. This request is for any video that captured video on ENTER THE DATE AND START/END TIME FRAME OF THE VIDEO REQUEST. Ring users in this area, please check your inbox for an email coming from VideoRequest@ring.com to help us out! Any members of the community who may have other camera systems and captured video that could help investigators are asked to please share those videos/images with the PD as this is a time sensitive

matter. You can do this by emailing them to **EMAIL ADDRESS** Thank you all for your assistance in helping us Reduce Crime In Our Community. **PD #555-555-5555 Report#**

ring  **Warrenton Police Department**

Ron Tuell

From: Ring Neighbors Portal Team <neighbors-portal@ring.com>
Sent: Tuesday, June 25, 2019 07:00
To: rtuell@haverhillpolice.com
Subject: Boost Leads with Video Requests

Requesting videos from Ring device owners can provide many leads, but you can always use more to close a case. Extend your investigation to non-Ring device owners in the area by creating a Post on the Neighbors Portal after submitting a Video Request.

Soliciting information from all neighbors in the area of interest increases your chances of receiving actionable evidence to help solve more cases with one click.

Best Practices

1. When submitting a Video Request, also create a Post to extend your reach
2. In your Post, ask neighbors to share videos from any kind of security camera or smart device

3. Provide your **contact information** so neighbors can reach out directly

**Vehicle Burglary-Window Smash**

On 2/4/19 between 08:30 AM to 2:30 PM a victim's vehicle was burglarized while parked in the Business Complex. The vehicle was locked, however, the suspect smashed the side window to gain entry. Once inside of the vehicle, the suspect removed the victim's purse. The TRPD is reminding our residents prior to locking and leaving your vehicle unaccompanied to conceal or remove any valuables such as pocketbooks, computers, cell phones, cash/loose change that may be in plain view. Always remember, if it is out of sight it will be out of mind!

Subject: Ring Follow Up

Hi Ron,

Thanks again for reaching out yesterday. To bring this up to your chain of command there is a lot of information on this platform and the only way I truly believe this will be a successful platform for the department to use is if a good majority of officers receives the full in-depth training from myself.

This platform is very hands-on and needs to have a proactive approach to it to see good results. That being said, in the meeting, I will bring up the suggestion about designating people in the department being Commenters and Posters. The more your community sees your involvement, the more effective Portal features become when interacting with them. That means more neighbors voluntarily sharing videos/tips and opting to share videos when they receive a Video Request email.

I would not be doing the department any justice if only yourself received the training and no one else. This will obviously take the workload off your plate and allow you not to get bombarded with questions on how to use the Portal.

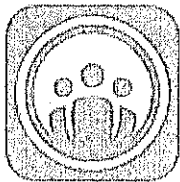

Thanks and I look forward to hearing back from you on this.

Hey Ron,

The department promo code is NBHAVERHILL, in order for it to work you will need to enter in your department email address to be synced up.

Since our website now is already at your discounted rate the promo code will not be effective at this time.

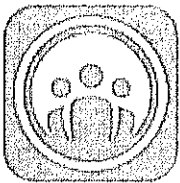

Let me know if you have any questions.

Perfect, I will send you out a calendar invite shortly and will try to keep this call brief.

Which number should I be reaching you at?

Completely understand. I have any time from 11 am to 2 pm on Monday available. Does anytime in that window work for you?

Anthony,

Sorry for the delay we have other issues that required my attention. One of our Captains was away for awhile and is currently working on setting up his portal information. I am available most of next week if you would like to have a discussion. If you could send me some dates I can then get you on the calendar.

Sincerely,

Ron T.

Subject: Neighbors Portal: Introduction

Good Afternoon Deputy Chief Haugh and Ron,

My name is Anthony Modestine, I will be your new Coordinator moving forward with the Ring partnership program. I was hoping we could have some time this week to have a quick phone call and catch up.

I see that only Ron as logged into the Neighbors Portal and there hasn't been too much activity engagement as well. Since this platform is filled with Crime/Safety conscious residents I was hoping to get a game plan together with the department to start utilizing these residents!

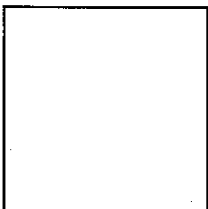

Thanks and I look forward to hearing from you.
